

- Dear parents

The school will remain closed because of COVID -19 till lockdown and next orders.

- Dear Parents

As we all know due to COVID -19 we all are restricted to home and with this students timetable is also disturbed . In this situation we elders and parents have to find out ways to tackle such situations . It is a big responsibility to keep children busy and utilize their energy in a constructive way You are requested to prepare time- table for your kid/kids to be followed at home . We also need to check that they do not remain away from studies. So please make them revise the class syllabus ,In addition to it encourage them to read story books and other books available in order to develop reading habit . Please spend quality time with them. Keep them away from mobile phones and do not let them watch TV for a long time.

Stay home Stay healthy
